

## Computer Science, Information Technology

1. What is Operating System?
2. Hardware VS Software
3. Name any two mobile operating system
4. Define Cloud Computing
5. What is meant by Malware?
6. What is Virus?
7. Explain crypto-currency. Give Example
8. What is Internet of Things? How is it being used?
9. What do you know about Black-Chain Technology?
10. What is Bitcoin that is in news recently?
11. Artificial Intelligence
12. Define Robotics
13. What you know about Sophia?
14. Explain Algorithm
15. Why flow-chart is important?
16. List few applications of Computer Technology in Group II Services.
17. Define Social Media.
18. Is social media good or bad?
19. What is firewall?
20. What do you know about C-DAC?
21. What is Bhuvan?
22. What is meant by "Open Source"?
23. Artificial Intelligence Year – 2020
24. What is 5G Technology?
25. Define Edge Computing?
26. Difference between BAR code and QR Code
27. What is RFID?
28. Blue Tooth Vs Wi-Fi Vs Li-Fi
29. What are the difference between Plotter and Printer?
30. What is Modem?
31. Explain about type of Communication?
32. Define Natural Language Processing. Explain where it is being used?
33. Binary System – Brief
34. What is Super Computer? List any Two Supercomputer
35. Which is the world's superfast computer?
36. What is BHIM?
37. What do you know about NPCI?
38. Logic gates – Explain
39. What is IC? Enumerate the functions of Microprocessor.
40. RAM Vs ROM
41. Blue Ray Disc VS DVD
42. Multi-tasking – Define
43. e-Commerce
44. m-Commerce
45. e-Governance and its application
46. What are the benefits of e-Governance?
47. What is Digital Signature?
48. What do you know about "Digital India"?
49. Define Digital Literacy.
50. Social media and its role in good governance.
51. Is social media curse or blessing?

52. List few e-governance projects of

Tamilnadu Government.
